

**This app is for Installing macOS
(Working and Testing
OS X 10.9 to macOS Mojave 10.14.**

Containing also Clover EFI Bootloader revision
v2.4k r4525

PS: (Working for UEFI and Legacy
configurations) Working Inside

OS X Mavericks to macOS Mojave.

**Real Mac users, you have not used the
Clover**

Bootloader, as simple as that.

Follow the steps in the Video
